There's More

Zoomifier TRANSFORM AD SALES

Get in touch with our sales team to learn more about how Zoomifier can transform your ad sales operations.

Simulcast

When you're presenting, nothing beats being able to show your audience what you're talking about. That's why we created Simulcast, a feature that allows you to share your screen during a video call, so your audience can see exactly what you're discussing.

BUILT SPECIFICALLY FOR ONLINE SALES PITCHES

BEST WAY TO SHOW AND TELL

With Simulcast, you can easily share your screen during a video call, so your audience can see exactly what you're discussing. This makes it easier to demonstrate products, explain complex concepts, and showcase your expertise.

CONTROL WHERE YOUR AUDIENCE IS FOCUSED

Simulcast allows you to control where your audience's focus is directed. You can highlight specific areas of your screen, zoom in on important details, and even draw on the screen to emphasize key points.

Don't let the quality of your content affect the quality of your meeting!
